

NASA's Earth to Sky Partnership October 22-24 Boise, Idaho

Announcing Adapt: Teaching Climate Action for Idaho's Future

Join us for 3 days of hands-on training with formal and informal educators from across Idaho!

Explore climate action in the Treasure Valley through site visits, collaborative curriculum design, and interactive sessions with NASA and local scientists. Together, we'll explore:

- ✓ Local climate action rooted in Idaho's landscapes and communities
- ✓ Project-based pedagogy
- ✓ NASA Climate Datasets
- ✓ Career pathways and STEM opportunities that prepare Idahoans for a changing world

Included

- \$ Stipends for eligible educators
- \$ Substitute reimbursement available for formal educators
- ✓ 2 PD Credits through NNU, BSU, or UofI
- 📍 Travel support
